A Brief Report on Relief Distribution in Gularia, Bardiya

Background:

The flooding in Terai of Nepal swept away 65,000 homes in total and 64,000 Hectars of crops were destroyed. A total of 1.7 million people were affected by the disaster. Among the 35 districts affected by the flood, Bardiya was one of the most hit districts. Many families lost their shelter and livelihood due to the flood and many are still trying to recover from the damage.

Reaping Hope wanted to help the flood victims in Bardiya and thus called for help in different platforms to raise funds for the relief support. RH had started a Gofundme Campaign for the cause but it could not reach the expected target and thus, Rabin Thapa Magar and Leoniek Vaal started a fundraiser in Belgium for the cause and raised funds from their friends and family. A total of **1370 Euros** were collected from GofundMe and personal fundraising. The collected fund was brought to Nepal by Rabin and He, along with the RH team went to Bardiya to distribute the relief items.

Location of Relief Distribution: Gulariya-8, Ganganagar - Bardiya

Total Household covered: 100 Households
